

NO TO NHA

Cherish your private property rights, your local sovereignty, and locally elected officials, because they are accountable to you.

NO National Heritage Area in Southeastern Colorado.

NO more Federal Government control and oversight through NGOs (Non-Governmental Organizations).

NO National Park Service (NPS) Comprehensive Conservation, Preservation and Compatible Development Plan to hamstring economic development.

NO Special Interest Groups gaining Managerial Authority over 8 Counties and 10 Million Acres.

NO to Canyons & Plains Self-sustainability on the backs of the American Taxpayers and the tax-base of Southeastern Colorado.

NO Subversion of LOCAL SOVEREIGNTY by Canyons & Plains, the NPS, and partners.

NO to Managerial “Expertise” by people who have never worked the land themselves.

NO Erosion of Private Property Rights by Regulatory Takings Through Restrictive Zoning.

The NHA proposal would impact: Baca, Bent, Crowley, Kiowa, Las Animas, Otero, Prowers, and Pueblo Counties.
